## Words for Wildcats

By: Mrs. Oard

I had the opportunity to experience something new on the evening of April 29<sup>th</sup> – Rookie Roundup. Rookie Roundup is the enrollment of pre-kindergarten (pre-K) students for the coming school year as well as kindergarteners new to the district. As a secondary person (math teacher and principal), my experiences with our youngest students have been limited. When Mrs. Taylor, our current Pre-K teacher, asked for help it seemed like a good plan at the time to volunteer. I was not disappointed. The evening spent enrolling our youngest Wildcats was very enjoyable. Most of the children I spoke with told me they were excited to come to school to make new friends and learn new things. It was easy to see where their excitement came from when I visited with their parents. These children clearly have the support needed at home to be successful at school.

In approximately two weeks, we'll begin to say goodbye to our oldest students. Graduation is right around the corner. It's hard to believe these seniors were once at a Rookie Roundup preparing for their first days of school. When I came to Cashion four years ago, this group of seniors was just beginning to earn high school credit as freshmen. I can't imagine starting a new job with a better group of students. Their kindness, humor, and intelligence are the legacy we want each class to leave for our rookie students. When the class of 2024 graduates we can only hope they strive to leave a legacy similar to the class of 2010.

Finally I wanted all parents to know that we will be offering Driver's Education this summer. We will have a sign-up sheet in the main office. Cashion High School will be offering summer drivers' education during the month of July. We are attempting to alleviate past problems of schedule conflicts by conducting the 30 hours of required class work during the month of July. This will allow our instructors to schedule the six hours of driving time so it does not conflict with summer camps (baseball, softball, basketball, cheerleading, etc.).

The student council has been very busy recently. Cashion attended the district meeting this month and was elected secretary for 2010-2011. Cashion also had its student body and class officer elections.

The student council is going to be hosting a Teacher Appreciation Breakfast May 4 and also hosting a Senior Breakfast May 14. Talk to Mrs. Chandler for more details.

If anyone is interested in going to BASIC Leadership camp the dates are June 13-18 and July 11-16. The camp is going to be held at NWOSU in Alva and the cost is \$275. Please see Mrs. Chandler for more information. It is a great opportunity to build confidence, become a better leader, and make lots of friends.

## **FCCLA News**

FCCLA took ten students to State Convention at the Cox Convention Center in downtown Oklahoma City on April 16. We heard motivational speakers address the topic of leadership, heard local talent, and voted for next years State FCCLA officers. After eating a quick dinner once we left the convention, we made our way to Frontier City and enjoyed a night of rides, dance, and rain. Everyone was soaking wet, but all enjoyed the evening. This was quite exciting, and a fun way of ending the year in FCCLA.

Officer elections will be held when school starts in August. If you have a student or are a student which would like to have the opportunity to develop leadership skills, please see Mrs. Radford and sign up for a FACS class for the 2010-2011 school year. It is a great opportunity to serve your school and have an office to report on scholarship forms. Have a great summer!

## **Students Participate in Disability Awareness Week**

During the Week of March 22, Mr. Wilson and Mrs. Garrett had their 3rd hour students participate in disability awareness week. The activities the students participated in were watching educational videos and actually having a disability such as being blind, in a wheel chair, and other mobility disabilities. Here is one student's writing to recap the week.

"Handicap awareness week turned out to be very educational for our entire class. Everyone was respectful and everyone participated in the handicap exercises. I disliked the feeling of sadness in brought on, but it was necessary. Overall, I enjoyed handicap awareness week and I'm glad I was a part of it." Josh Barry, 10th grade.
